National Cultural Commission Online Store

A PNG Gift Shop is a store that showcases and sells authentic arts, crafts, and organic products from Papua New Guinea. It is a cultural and commercial space where visitors can find unique handmade items such as carvings, paintings, woven bilums, traditional jewelry, and other creative works made by local artisans. Many PNG gift shops also feature locally produced organic goods like coffee, honey, and spices, highlighting the country's rich natural resources. More than just a retail store, a PNG Gift Shop serves as a platform to preserve cultural heritage, support local communities, and share the beauty, creativity, and traditions of Papua New Guinea with the world.
